

RISE<sup>®</sup>

RESEARCH, INNOVATION & SCIENCE  
FOR ENGINEERED FABRICS CONFERENCE

# Where Innovation and Application Meet

**JOIN US** for the cutting  
edge of nonwovens/  
engineered materials

**SEPTEMBER 12-14, 2017**

Sheraton Raleigh Hotel, Raleigh, NC

#RISE17  
@RISE360

**STAY** abreast of breaking industry developments with these acclaimed speakers:

- **Bernd Kunze, Dr. Ing., CEO, Reifenhäuser REICOFIL**  
Expand your conceptual planning with observations from one of the best. Hear about the latest data analytical techniques and processes for determining unmet needs
- **Keith Hoover, V.P., Material Process & Color Innovation, Under Armour**  
Identify new business models to design, develop, visualize, specify, and manufacture
- **Yoel Fink, Ph.D., CEO, Advanced Functional Fabrics of America, and Director, Research Laboratory of Electronics, Massachusetts Institute of Technology**  
Discover the latest functional fabrics that can form wearable technologies offering optoelectronic and acoustic properties
- **Behnam Pourdeyhimi, Ph.D., Professor, North Carolina State University and Director, The Nonwovens Institute**  
Gain insights into future disruptive material science technologies and areas of research

**Association of the  
Nonwoven Fabrics Industry**  
ADVANCING NONWOVENS WORLDWIDE<sup>®</sup>

**FOR DETAILS**, please contact Tracie Leatham,
